

SpeedAkin™

Anatomic Compression Implant

Anatomic. Flush. Efficient.

TREACE[®]
A Step Ahead.™

SpeedAkin™

Anatomic Compression Implant

- **Anatomic Design**

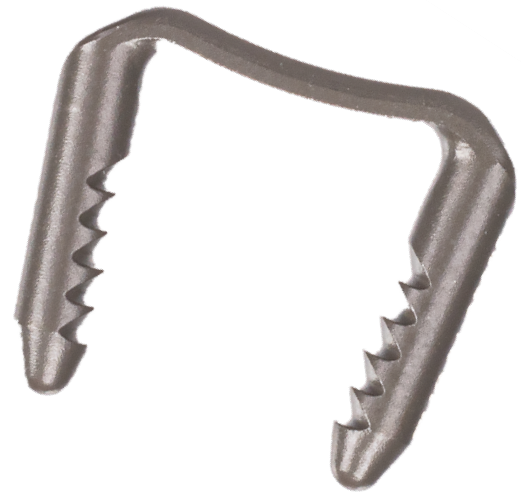

Implant curvature follows the natural shape of the hallux to reduce prominence

- **Flush Insertion**

System allows application flush to bone during insertion to reduce the need for tamping

- **Efficient Workflow**

Dynamic compression through a streamlined and simple workflow

Ordering Information

SK63 SpeedAkin™ 9x9mm Anatomic Compression Implant
